Aug.
1970

I made it

" " "

①, ④

I made it ~~myself and its~~
(And) its fine

I {wished ^{wanted} for} it and I made it
I made it
(And) its ~~fine~~ mine

I made it
" " "

②

and almost
~~all along~~
~~myself~~

I asked for help when I needed it
I needed (it)
~~And its mine~~
Its my own

③

I made it
" " "
" " "

right
right
right
right
right
right

Just right

I {knew} I could if I worked at it
I worked at it
all right.

I asked for some help when I needed it
I needed it one time or two
But I was the one who {stuck} w/ it
I knew there was plenty to do
And there was
but

I made it
" " "

I made it all just right
I knew I could if I tried it
I tried - all right I really tried

I made it
" " "

I made it and it's mine
I wanted it and I made
It's fine
" fine
It's ~~fine~~ mine
It's really mine
